

CUSTOM FLOORING PLYWOOD & DECORATIVE PANEL PRODUCTS- PLYXPERT

At Integral International, we are proud manufacturers of premium-quality Flooring Plywood and custom-engineered panel solutions tailored to the demanding needs of the tent and event industry, exhibition organizers, and interior fabricators across India.

FLOORING PLYWOOD

Our custom Flooring Plywood is trusted by tent decorators, wedding planners, event management companies, and temporary infrastructure contractors for its strength, durability, and ease of handling.

PRODUCT HIGHLIGHTS :

- Custom Dimensions: Tailored to meet specific client requirements; standard options include 8ft x 4ft, 6ft x 4ft, or as needed.
- Variable Thickness: Offered in thicknesses ranging from 12mm to 28mm, based on load-bearing needs.
- Surface Finishes: Available in raw, laminated, or anti-skid film-coated surfaces to ensure safety and visual appeal.
- Reusable Design: Built for durability across multiple event cycles with proper handling and storage.
- High Load Capacity: Engineered to support heavy foot traffic and event setups, including stages, podiums, and furniture
- Durable Core: Constructed from hardwood veneers and bonded with BWP (Boiling Water Proof) grade resin for enhanced strength and moisture resistance.

APPLICATIONS

- Temporary wooden flooring for weddings and large-scale events
- Platform base for stage construction
- Outdoor flooring for exhibitions and fairs
- Sub-flooring in fabricated cabins and portable structures

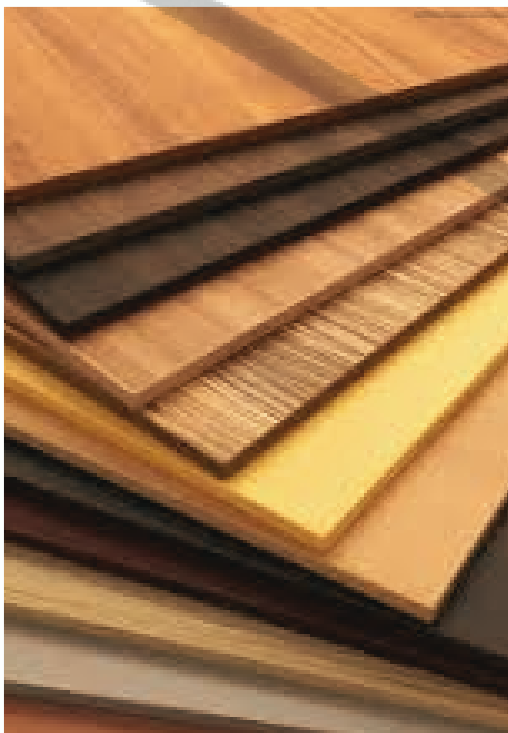

Decorative & Structural Panel Sheets

We offer ISI-marked plywood sheets for commercial and premium decorative usage. Available in various grades and finishes, including MR (Moisture Resistant) and BWP (Boiling Water Proof) categories.

INDUSTRIES WE SERVE:

- Tent & Shamiana Contractors
- Wedding & Corporate Event Planners
- Modular Exhibition Stall Fabricators
- Interior & Furniture Manufacturers
- Architecture & Space Planning Consultants

MDF SHEETS

Our Medium Density Fiber boards are ideal for CNC routing, laser cutting, and panel decor. Uniform density and smooth surfaces make them perfect for interior design, furniture facades, and exhibition branding.

LAMINATED SHEETS

- Pre-Laminated MDF/Plywood Boards are available in a wide range of colours and textures
- Scratch-resistant, moisture-resistant, and easy to clean
- Suitable for partition walls, branding panels, and modular furniture

HIGH PRESSURE LAMINATES (HPL)

- Designed for high-traffic and moisture-prone environments
- Available in matte, gloss, wood grain, and textured finishes
- Used in Table tops, Countertops, Exhibition Panelling, and custom modular installations

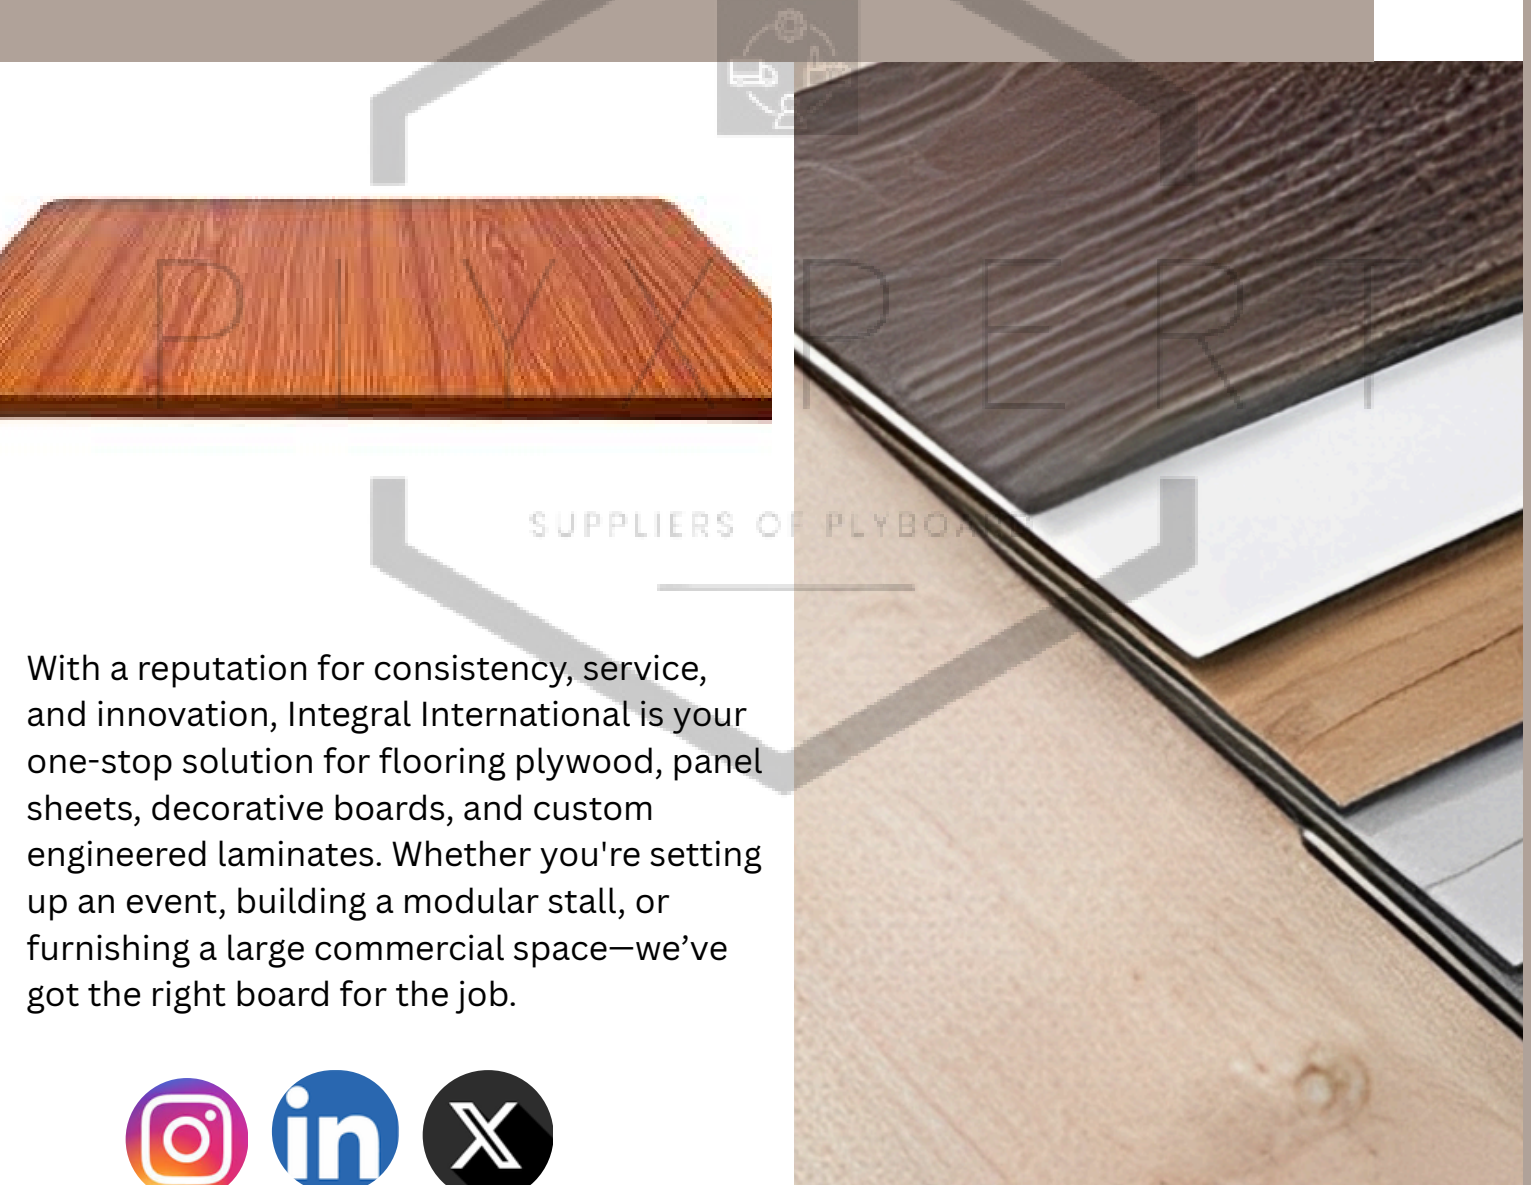

TABLE TOPS & DISPLAY SURFACES:

We supply custom-sized tops made from laminated plywood or HPL to be used as event counters, display tables, and workstations.

WHY CHOOSE INTEGRAL INTERNATIONAL?

- **Tailor-Made Solutions:** We manufacture to your specs—custom dimensions, thicknesses, and finishes
- **Quality Assured:** All products are tested for performance, durability, and environmental compliance
- **Pan-India Delivery:** Our supply chain serves event professionals and industries nationwide
- **Bulk Order Ready:** High-volume production capabilities with assured timelines

With a reputation for consistency, service, and innovation, Integral International is your one-stop solution for flooring plywood, panel sheets, decorative boards, and custom engineered laminates. Whether you're setting up an event, building a modular stall, or furnishing a large commercial space—we've got the right board for the job.
